PROFESSIONAL SUMMARY

Creative, hands-on Employer Branding and Content professional with 3+ years of experience across the IT education and technology sector, owning brand narrative, social media presence, and employer branding for a fast-growing organization. Proven track record managing YouTube channel strategy end-to-end and producing high-performing content distributed across Facebook, TikTok, and Instagram, building community and driving real conversation around brand moments. Skilled at producing high-quality content from deep-dive narratives to authentic employer branding stories, designing event experiences that translate seamlessly from physical spaces into high-performing social content, managing vendors and creative partners to quality standards, and keeping cross-functional teams aligned through clear internal communications. A self-starting maker with a sharp eye for visual quality, comfortable writing crisp copy, directing content production, and executing independently from concept to publish.

CORE COMPETENCIES

- Social Media & Analytics:** YouTube channel management (strategy, scheduling, analytics) with content production and distribution across Facebook, TikTok & Instagram; trend research, performance monitoring & community building
- Content Engine:** Content strategy & copywriting, employer branding storytelling, podcast & video production (concept to publish), promotional campaigns, success-story & case-study content
- Event Aesthetics:** End-to-end event concept, branding & production for large-scale events (500+ attendees); physical-to-digital experience translation; stage, LED/sound & visual environment coordination
- Vendor & Agency Collaboration:** Sourcing & managing creative agencies, production houses and suppliers; budget management; quality control & on-time delivery
- Internal Communications:** Cross-functional & cross-regional stakeholder alignment; keeping teams informed and inspired on brand and team wins; concept-to-execution project ownership

PROFESSIONAL EXPERIENCE

Head of Academic Affairs <i>Institute of Computer Engineering Technology (iCET)</i>	Jan 2024 – Present
Lead cross-functional academic, industry engagement, content, event, and student experience initiatives within a fast-growing IT education organization.	
Social Media & Analytics: Own social media and multimedia content strategy, coordinating YouTube, LinkedIn, Facebook and Instagram publishing, and using performance analytics and trend research to optimize reach and engagement. Content Engine: Write, direct and produce high-quality content, podcasts, videos, promotional campaigns and employer branding/success stories, from concept through recording, editing direction and final publish, in collaboration with marketing and multimedia teams. Event Aesthetics: Design and lead end-to-end brand experiences for large-scale events (500+ students and parents), owning venue, stage, LED/sound and visual environment so physical spaces convert into high-quality social content. Vendor Collaboration: Source, brief and manage external vendors, production houses and technology partners, holding them to quality and delivery standards within budgets of up to LKR 2M. Internal Communications: Act as the connective link across 15+ industry professionals and internal academic, technical, marketing and operational teams, keeping stakeholders aligned and informed on brand wins and project milestones. - Build and maintain relationships with technology companies, industry leaders, government organizations and vendors, converting emerging trends into workshops, podcast topics and student engagement initiatives.	
Lecturer <i>Institute of Computer Engineering Technology (iCET)</i>	Jul 2023 – Jan 2025
- Delivered IT and software engineering education, collaborating with industry professionals to keep content current. - Developed learning materials and supported workshops and student engagement initiatives.	
Assistant Lecturer <i>Institute of Computer Engineering Technology (iCET)</i>	Jan 2023 – Jun 2023
- Supported academic programs, student engagement, event coordination and operational activities within a fast-growing IT education environment. - Assisted with stakeholder communication, academic documentation and institutional projects.
