Certificate in Digital Marketing

Kushani Withanage

Head of Academic Affairs | Strategic Project Management | Lecturer
Colombo, Western Province, Sri Lanka

Summary

From classroom to code, I'm passionate about bridging the gap between academic excellence and industry readiness. As Academic Department Head at the Institute of Computer Engineering Technology, I lead a dynamic team of 10+ educators while directly impacting the learning journey of over 1,500 students across Certificate, Diploma, and Higher Diploma programs.

What drives me:

- # Designing curricula that matter – aligning academic programs with real-world industry demands
- # Empowering the next generation of software engineers through hands-on learning and mentorship
- # Building bridges between theoretical knowledge and practical application

My unique blend:

Academic Leadership – 3+ years of progressive experience in educational management and curriculum development
Technical Expertise – Hands-on experience in QA automation, full-stack development, and modern software frameworks
Results-Driven – Successfully guided 150+ students to achieve their academic goals while enhancing overall student satisfaction

Currently pursuing my Higher Diploma in Information Technology at University of Colombo School of Computing, I believe in practicing what I teach. My technical toolkit spans Java, Python, JavaScript, ReactJS, Spring Boot, and cloud technologies – knowledge I bring directly into the classroom.

Beyond the code:

When I'm not designing test automation frameworks or delivering lectures on Software Engineering and OOAD, you'll find me contributing to community development programs or mentoring students through their career transitions. I'm also an ISTQB Certified

Tester and AWS enthusiast, constantly updating my skills to stay ahead of industry trends.

Let's connect if you're passionate about:

Educational innovation in technology

Quality assurance and automation

Building future-ready software engineering talent

Academic-industry collaboration

Ready to shape the future of tech education, one student at a time.

Experience

Institute of Computer Engineering Technology (iCET)

3 years 8 months

Head of Academic Affairs

January 2024 - Present (2 years 8 months)

Panadura DS Division, Western Province, Sri Lanka

Strategic Initiative Coordination: Lead departmental operations by managing 10+ industry

professional lecturers to ensure the timely delivery of high impact academic projects.

Executive Leadership Support: Provide direct reporting to the Founder and Director on

strategic priorities, academic performance, and operational excellence.

Efficiency through Innovation: Spearheaded digital transformation projects, including a

customized LMS implementation and the "Career Scale" app deployment to monitor student progress.

Process Optimization: Redesigned curriculum and faculty development programs to align

with industry standards and regulatory (TVEC) requirements.

Strategic Partnerships: Established and maintained relationships with tech firms to facilitate industry visits and student placement.

Lecturer / Project Coordinator
July 2023 - Present (3 years 2 months)
Panadura DS Division

Project Delivery: Coordinated departmental quality assurance initiatives and served as a liaison between external industry experts and the academic board.

Student Success: Delivered IT instruction and professional readiness training, contributing to the high employability rate of graduating cohorts.

Assistant Lecturer
January 2023 - June 2023 (6 months)
Panadura DS Division, Western Province, Sri Lanka

Supported academic delivery and operational coordination across multiple programs

Assisted in administrative documentation, academic progress monitoring, and stakeholder management

Gained foundational experience in educational operations within fast-paced, growth oriented environment

Shilpa Institute
Private Tutor
January 2021 - March 2023 (2 years 3 months)
Beruwala, Western Province, Sri Lanka

Taught ICT to O/L students, successfully guiding over 150 individuals and small groups to achieve their academic goals.
